

SP 11.4, Liquidated Damages

Administrative changes made for the 5-02-06 version:

1. Deletes references to LLNL and LANL to make this into a lab-specific SP.
2. Under PROCEDURES, *Administration of Liquidated Damages*, *Assessing Liquidated Damages*, deletes the parenthetical phrase relating to “completion bond” because we do not use completion bonds at LBNL
3. Includes miscellaneous formatting edits.
